

concerning proposed expansion of LPFM I strongly disapprove in that it may force off the fm station i listen to most which is K-LOVE. I listen to K-LOVE at work, in my car and home. K-LOVE is listened to at my 2yr-old's daycare and my 5yr-old's ymca after school care. San Antonio has a large K-LOVE listening audience and is listened to by my family who live all over the state of texas. Alot of the music in our church services are songs heard on K-LOVE. K-LOVE has a nation-wide christian music loveing audience all bound together by music that worships and praises our LORD and SAVIOR.
